

## ATTENDANCE AREAS

Attendance areas for the various schools of the city will be drawn up by the Superintendent and approved by the School Committee. The primary considerations that govern the establishment of a school attendance area are school capacity and transportation considerations. Generally, students will attend the school in the attendance area in which they live.

In establishing an attendance area, the following general guidelines will be applied:

1. Use of safe walking conditions consistent with the Committee's transportation policies; where possible, major traffic thoroughfares and natural barriers will be used for boundaries.
2. Honoring community of interest; where possible, school attendance zones will incorporate community patterns.

From time to time an overcrowded condition in an existing school, the development of new residential areas, or the opening of a new school may require the establishment or change of previously established school attendance areas.

The Committee will confer with community representatives prior to setting new attendance lines. However, the Committee's primary basis for judgment must be equality of educational opportunity for all students rather than the personal desires of any one group.

The Superintendent is authorized to make exceptions to attendance lines for individual children in the best interests of the student and/or the school.

Adoption date: September 14, 2006
